QUALITY CONTROL TEAM

- We have a strong QC's team under a QA Manager. QA Manager has full time QC's and the QC's do the in-line inspections in each section. In a particular time of the day, our QA Manager checks the 10% Garments those has been passed by our QC's in each section.
- All the QC's submit their daily reports to QA Manager with highlighting the major points and with the final comments.
- QA Manager submits the reports to the relevant Merchandisers in addition to Managing Director.
- Relevant Merchandiser ensures the correct QA packing to the QA Manager.
- After maintaining the above procedures, the QA Manager carried out his own final inspection on the basis of AQL 2.5 Criteria before Buyers approved final authority inspection.
- If goods seems to be standard to QA manager for buyers authority inspection we invite the inspection authority for final inspection. The inspection of the garments quantities depends on the order quantities as per BS6001 guidelines.
